Compliments of Glamour Photography Studio

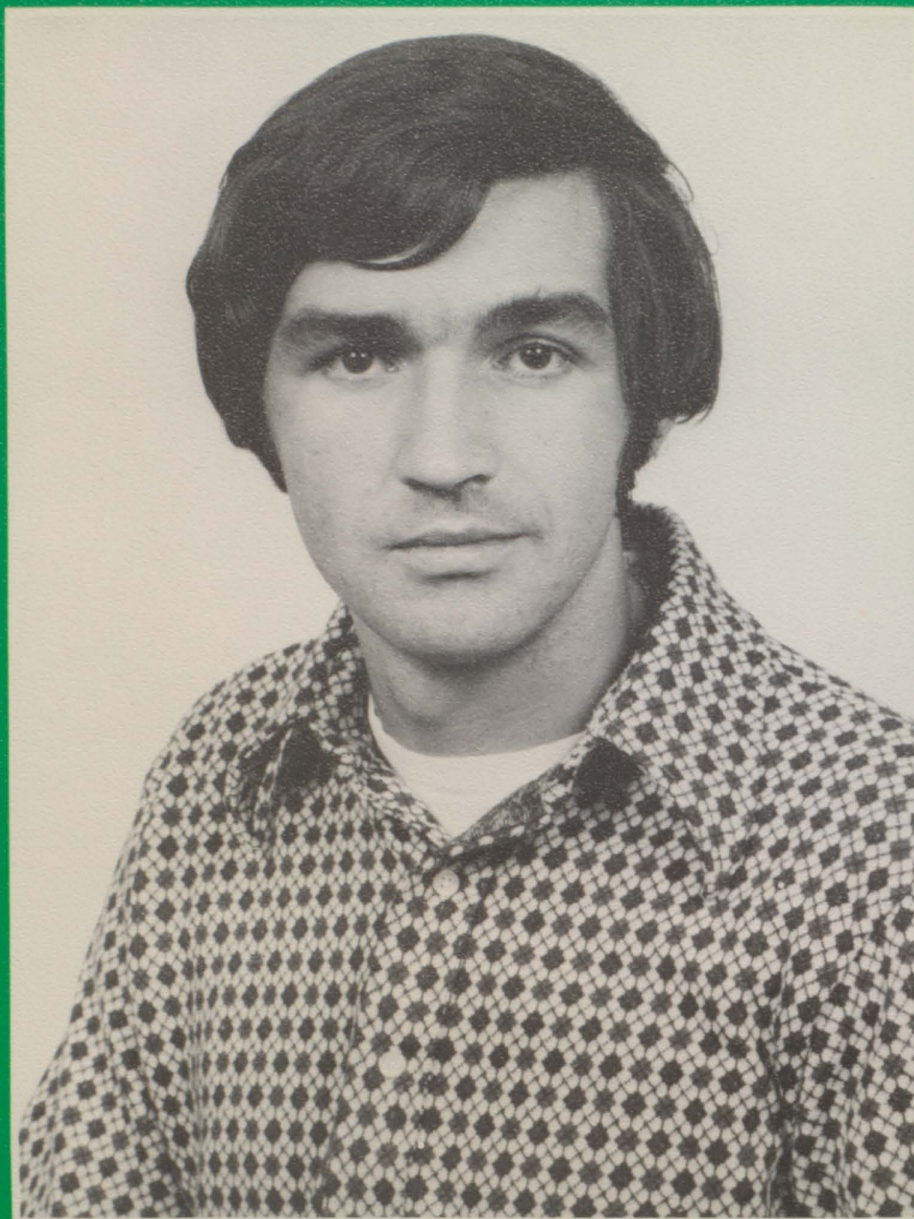

Compliments of Glamour Photography Studio

We, the Graduates of the Class of June, 1974, would like to take this opportunity to thank our Class Advisor, MR. DAVID HAYES, who has spent long and tedious hours helping us to arrange and to make our senior year here at West Side a successful one.

His patience, his help, his leadership, and of course, his advice, have helped to ease our pressures, solve numerous problems, and make our graduation a memorable one.

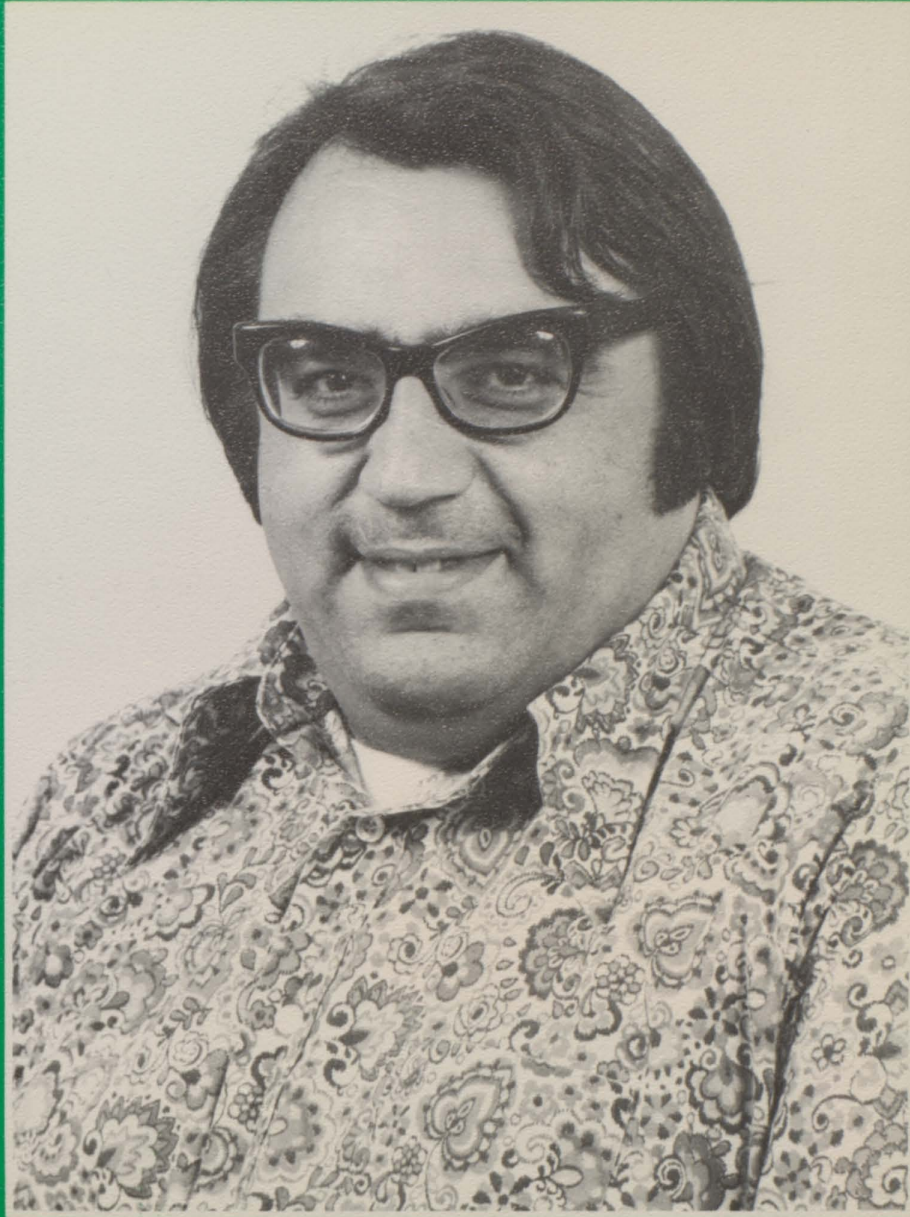

Throughout the year, Mr. Hayes has given his substantial ability to help us carry on. We hope that this year has filled him with pleasant memories which he can recall in the years to come. Therefore, with deep appreciation and sincere gratitude, we wish to express our thanks and to make certain that you, Mr. Hayes, will continue to share our feelings throughout your life.

Sincerely,

The Class of '74

# ADVISORS

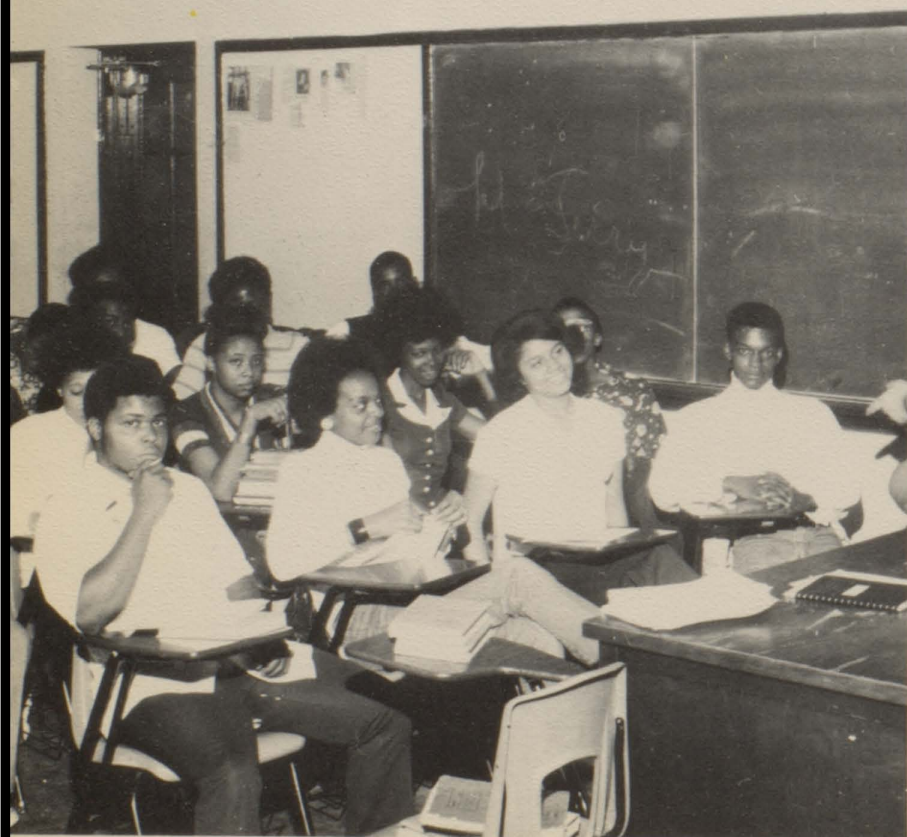

Our sincere appreciation and our deepest gratitude also goes to MR. PETE REPOLI, our other class advisor. Due to his understanding, hard work and patience, our senior year has been a rewarding and a memorable one. We owe Mr. Repoli our debt of gratitude which we can never repay. To say "thank you" seems so inadequate, but we sincerely mean every word of it.

Thank you, Mr. Repoli.

Yours truly,

The Class of '74

# DEDICATION

In 1970 as freshmen, we entered West Side High School. We were greeted by MRS. HELEN MEANS who was a counselor for an extremely large volume of students. Yet, she prepared us for the strenuous years ahead by taking our young minds and molding them into intelligent and mature young people. Each year was more difficult than the preceding year, but as we approached each new problem, we were not alone. Mrs. Means was there to assist in all ways possible. During the four years of our association with her, we have interchanged countless ideas and beliefs. There were many times when she gave up her lunch or came in early or stayed after school to have a conference with a student. We all know that she is not one who is ever lost for words. Her words are always very meaningful and we have not only learned to respect her but to accept her as very dear friend whom we love.

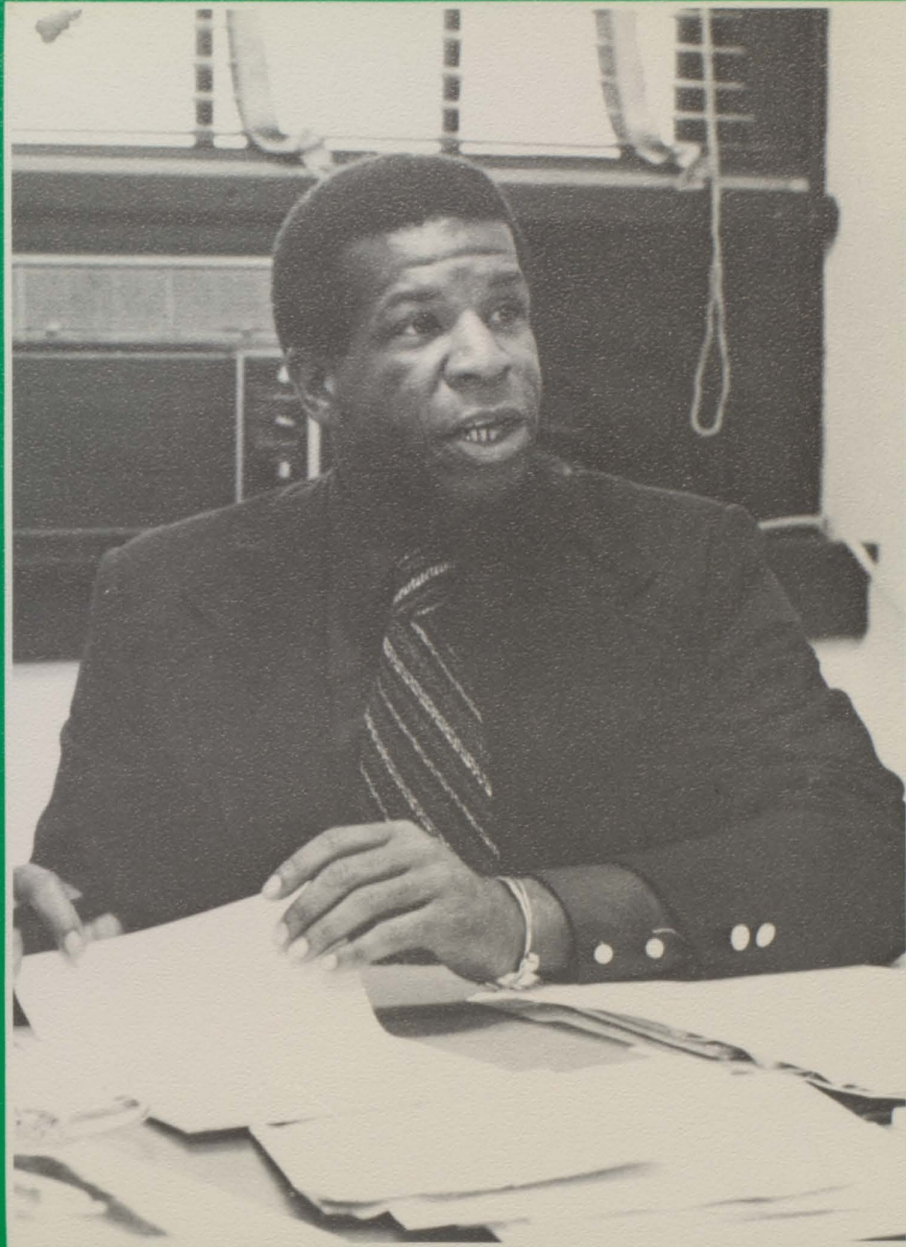

We now leave West Side High to embark on this demanding society, but we are prepared to overcome many obstacles because of the guidance of Mrs. Means. Therefore, we the Graduating Class of 1974, would like to thank you, Mrs. Means, by dedicating this yearbook to you.

Love,

The Class of '74

## *APPRECIATION*

We, the Class of Nineteen Hundred and Seventy-four, wish to express our profound appreciation to MR. KENNETH WATERS, JR., Chairman of the Board of West Side High School. Mr. Waters has served the students of West Side for many years as a teacher and recently as an administrator in a proficient and confident manner. With his innovative leadership, West Side has emerged from mediocrity to a school of promise and faith in its future. The Class is deeply grateful and wishes him a long and pleasant fulfillment of his fine endeavors.

## *LETTER TO WEST SIDE*

### *A Letter to West Side High School*

When we first arrived at West Side High School, we were filled with hope, high expectations and promise. We knew, however, in order to attain our respective goals, we would have to work hard and diligently. Naturally our memories are spiced with those activities that have brought us the most pleasure. All of us can remember the pep rallies, the games, the clubs and the teams that we followed and supported. Even those comedic moments in our classes, and times that we laughed and lamented over events and incidents that touched our lives will not be forgotten. West Side saw some traumatic times as well as some times when we were very proud to be a part of this school. We have witnessed the shaping of a new day when all of us will receive the quality of education that will lift us out of an abyss of despair and promulgate us to a new forefront of dignity, resourcefulness and personal gratification.

Thank you, West Side, for all that you did for us. We promise to do the rest.

Yours truly,

The Class of '74
